

Kanso Native Housing Summit

Kanso: Continuous Improvement

A review of 2023 & 2024 development.

July 30th, 2024, at 1:00 P.M.

Main Room

 Slides will be shared at kansosummit.com post-summit.

What we will cover in this session:

Mobile - Mobile App & Inventory

HDS Queue & Tenant Portal Forms

Unit Transfers

Vendor Management, Vouchers, & Payables

Live Sync and “Double Data Mapping”

Kanso Executive Team

Doug Chapiewsky - CEO

Fearless leader of Kanso Software with a passion for helping organizations adopt new technologies to better serve their communities.

Jenn Wageman - COO & CFO

Wrangler of all teams and departments at Kanso to drive them forward with the company's vision and mission.

Kanso Development Team

Josh Blair - SR Lead Developer

Josh has dedicated many years to Kanso leading the team's architecture design, implementation, dev mentorship, and development to new heights.

Joe Moore - SR Developer

Joe's development career started at Kanso, as such a fast and capable learner, it landed him a role as a respected senior developer on the team with a passion for creating quality features that customers love.

A Note from the Head of Product & Development

Haile Elizondo

HUD Changes are TOP Priority

We serve Native and Public Housing organizations. This means we have to juggle HUD regulation updates for all of our clients.

A lot of what is effecting PHA now, will affect IHAs in the near future. ***We will be ready to make this a seamless transition for your organization.***

Enhancing Backbone of Application is Second

We want Kanso to last forever, and remain a modern & integrated system.

Keeping systems up to date, and integrating with other companies who serve your organization will make interactions with software simple.

Then we get to do the FUN stuff!

Portal Enhancements & New Portals

Dashboards with Data Visualization

Expanded groups functionality

Kanso - Mobile

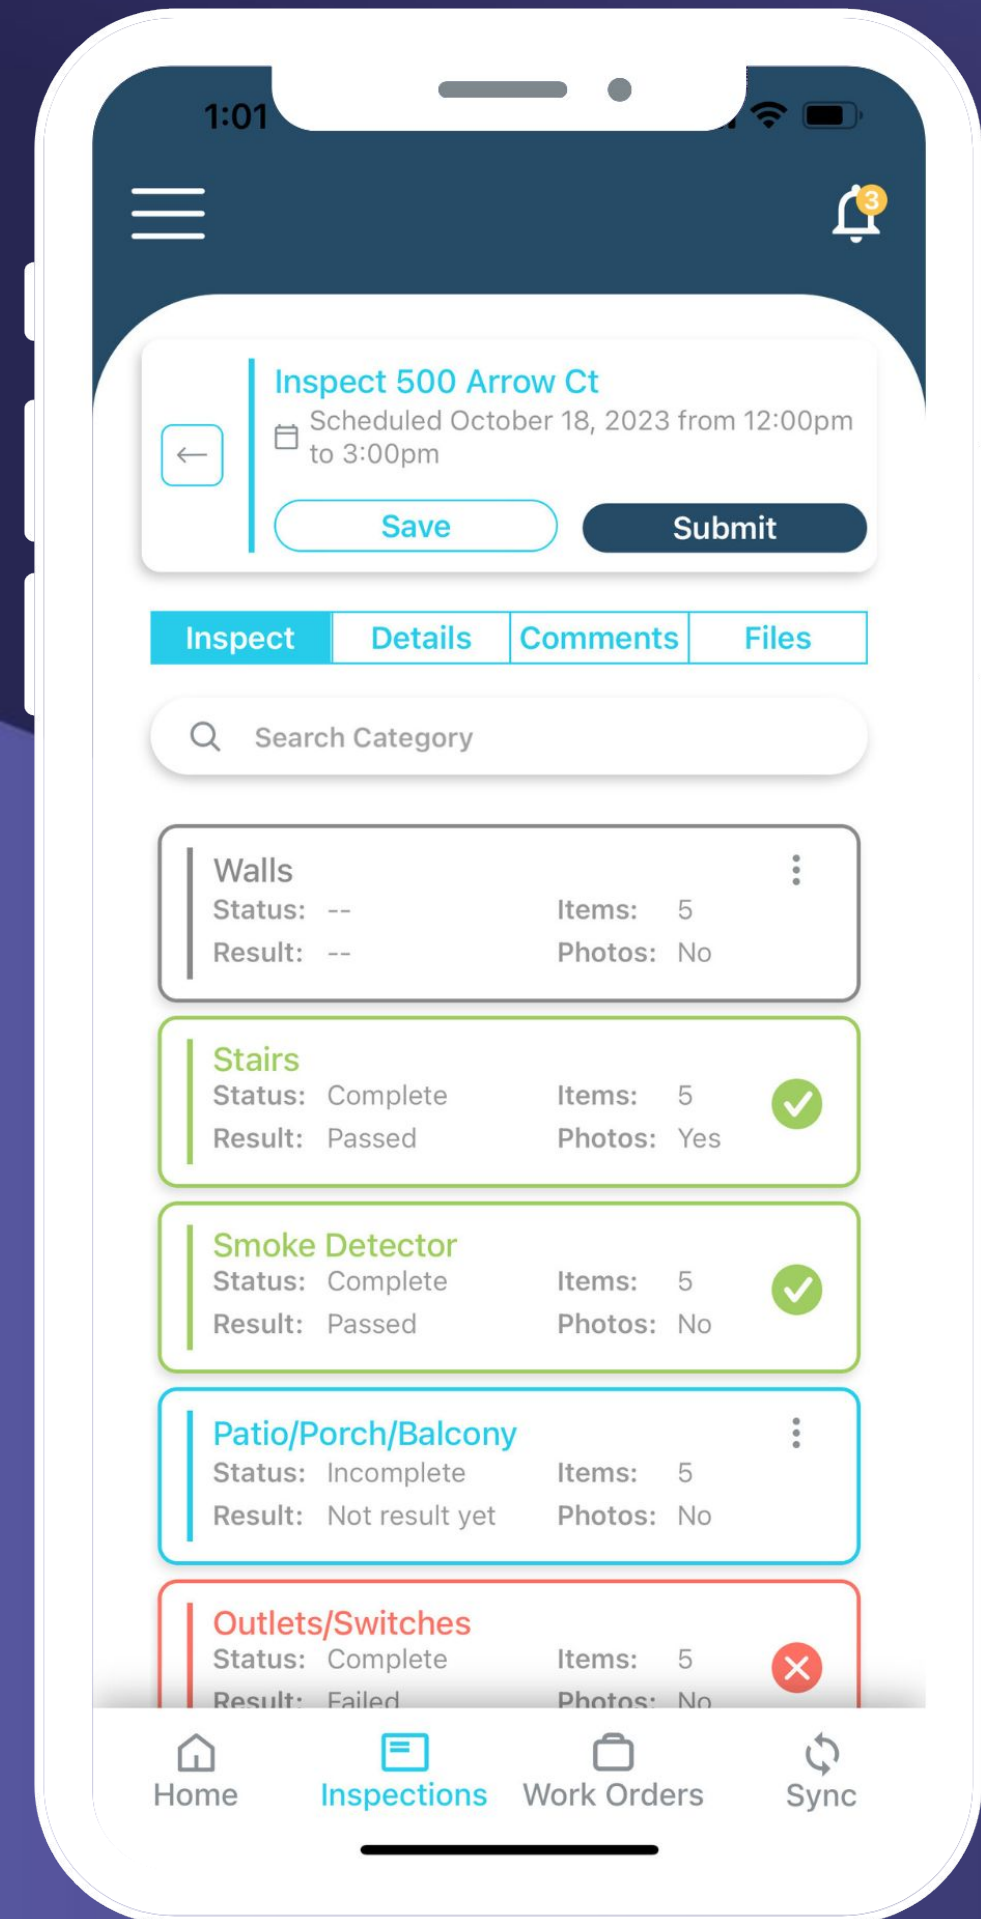

Maintenance Inspections

Currently in Apple and Android store review process.

- Current inspections application is outdated, and for some, not fully functional, and only available in the Apple app store.
- For the last year we have focused on building a sustainable, easy to update, easy to navigate inspection application for any device.
- We intend to add the work order functionality to this same app in the future, no longer necessary to keep two separate application!

Want more information?

We will go into depth about the NEW Mobile Maintenance Application in a session tomorrow the 31st at 2:45 in the Training Room.

Tenant Portal Forms

Customizable Forms for Tenant Information Gathering

Enhance Tenant Communication:

- Streamline interactions and gather essential information effortlessly.

Who Can Benefit?

- Current clients wanting to improve engagement and prospective clients looking to optimize tenant management.

Form Setup:

- **Client Success Team** manages requests for custom and default forms.
- **Included:** Kanso default forms; *Waiting List Application, Recertification Information Submissions, Work Order Requests*
- **Pro Services:** Additional costs for complex forms or custom branding.

Getting Started:

- Provide an example form or list of questions.
- Email addresses for submissions (different for each form).
- Branding assets (logo and color palette) for customization.

Revolutionize your tenant interactions with these customizable forms! Contact us for more info.

Want more information?

We will go into depth about Kanso's Tenant Portal tomorrow July 31st @ 2:45 pm in the Main Room

HDS Queue - Online Waiting Lists

HDS's Online Waiting List Application is now Compatible with Kanso!

Streamlined Management:

- **Fair Online Lotteries** for Voucher, Low Rent, and more—no in-person queues.
- **Flexible Control:** Easily manage registration dates and applicant limits.
- **Direct Access** from your website.
- **Automated Selection** and integration with Kanso.

Efficiency & Security:

- **Customizable preferences:** Identify eligible applications (ensuring only qualified applicants make it to your waiting list) as well as to rank lottery winners on your waiting list according to your housing authority's specific preference criteria.
- **Secure Data Backup** for all registrants - not just lottery winners - protecting housing authorities from unexpected data loss and allowing post-lottery audits if required.

User-Friendly:

- **Easy Access** to update or review status of application anytime.

Want more information?

We will go into depth about Online Waiting Lists in a session tomorrow

July 31st @ 2:45 pm in the Main Room

The screenshot shows the 'Registration' page for the 'XYZ HOUSING AUTHORITY ONLINE WAITING LIST APPLICATION'. The page features the 'kanso' logo and the address '750 W City Highway 16 · West Salem, WI 54669'. The form is titled 'Registration' and is currently on step 1, 'Head of Household'. The form fields are as follows:

First Name *	Middle	Last Name *
Haile	E	Raen

Address *	Apt/Suite
575 Saint Paul St	

City *	State *	Zip Code *
Denver	Colorado	80206

Phone *	Alternate Phone
(303) 308-1000	

Social Security *	Emp

Unit Transfers

Simplify Tenant Management:

- **One-Click Transfers:** Move tenants from one unit to another in a single action.

Key Benefits:

- **Efficiency:** Streamlines the transfer process, saving time and reducing errors.
- **Seamless Transition:** Ensures a smooth relocation for tenants without multiple steps.

Automated Features:

- **Document Generation:** Automatically create necessary documents for each transfer, ensuring compliance and accuracy.
- **Historical Records:** Maintain detailed records of move-ins and move-outs for easy reference and reporting.

How It Works:

- Select the tenant and destination unit, then complete the transfer with just one action.

Enhance your property management efficiency with Kanso's Unit Transfer feature!

Vouchers & Vendors

Key Features:

- **Real-Time Tracking:** Monitor voucher statuses and updates in real-time, ensuring transparency throughout the process.
- **Landlord Coordination:** Seamlessly link with landlord tracking systems to enhance collaboration and efficiency.

Benefits:

- **Improved Communication:** Stay informed about voucher statuses.
- **Simplified Management:** Easily manage and track vouchers alongside landlord payments owed/paid in one centralized system.

How It Works:

- Track the entire lifecycle of vouchers, from issuance to renewal, while ensuring alignment with program requirements and rent calculations.
- How do you make HAP payments to Landlords or your own organization? (Next Slide)

DATE	CATEGORY	TYPE	AMOUNT	BALANCE
> 07/11/2024	Landscaping Service Fee	ADJ	(\$200.00)	(\$450.00)
> 07/11/2024	HA Electric	ADJ	(\$100.00)	(\$250.00)
> 07/05/2024	Landscaping Service Fee	ADJ	(\$150.00)	(\$150.00)
> 06/20/2024	Check Issued	ADJ	\$150.00	\$0.00
> 06/20/2024	Check Issued	ADJ	\$150.00	(\$150.00)
> 06/17/2024	Landscaping Service Fee	ADJ	(\$150.00)	(\$300.00)

Payables Owed

\$0.00 Total payables owed across all AP accounts related to this vendor

Process Payables

Generate ACH, Check, or GL export Payouts

Overview:

- Kanso's Payables feature simplifies financial transactions, enabling *efficient payments to landlords, maintenance vendors, utility companies, and more.*

Key Payment Options:

- **Flexible Payment Methods:** Pay via electronic transfer, check, or export payments directly to your general ledger system for processing.

Benefits:

- **Efficiency:** Automate payment processes to save time and reduce manual errors.
- **Versatility:** Support various vendors, ensuring all payments are managed in one place.

How It Works:

- HAP and URP is automatically calculated and posted to vendor ledgers. These transactions then appear as due for processing within the payables feature.

Enhance your financial operations and ensure timely payments

The screenshot shows the 'Payables' section of a software interface. At the top, there are navigation tabs: DEPOSITS, BILLING STATEMENTS, MONTH END, BATCH PAYMENTS, MISC. RECEIPTS, LATE FEES, and PAYABLES. Below the tabs, the 'Payables' title is displayed, along with 'New batch' and 'Historical' options. A 'SHOW FILTERS' button is visible. The main area contains a table with columns: Pay To, # of Transactions, Last Payable Amt, Total Balance, Balance to be Paid, and Notes. The table lists two vendors: 'Metropolis Landscaping' (1 transaction, \$300.00) and 'Lonnie Machan' (2 transactions, \$1,554.00). Under 'Lonnie Machan', two transactions are listed: 'Elizondo, Haile' (\$1,029.00) and 'Le, Khang' (\$525.00). A 'Grand Total' row shows 3 transactions, \$1,854.00 last payable amount, \$1,704.00 total balance, and \$1,704.00 balance to be paid. A 'Process Payables' button is located at the bottom right of the table area.

Pay To	# of Transactions	Last Payable Amt	Total Balance	Balance to be Paid	Notes															
<input checked="" type="checkbox"/> > Metropolis Landscaping	1	\$300.00	\$150.00	\$150.00																
<input checked="" type="checkbox"/> > Lonnie Machan	2	\$1,554.00	\$1,554.00	\$1,554.00																
<table border="1"><thead><tr><th>Name</th><th>Unit</th><th>Posted Date</th><th>Payment Type</th><th>Transaction Amount</th></tr></thead><tbody><tr><td><input checked="" type="checkbox"/> Elizondo, Haile</td><td>HCV-001-0003</td><td>02/25/2024</td><td>HAP</td><td>\$1,029.00</td></tr><tr><td><input checked="" type="checkbox"/> Le, Khang</td><td>HCV-001-0004</td><td>02/25/2024</td><td>HAP</td><td>\$525.00</td></tr></tbody></table>						Name	Unit	Posted Date	Payment Type	Transaction Amount	<input checked="" type="checkbox"/> Elizondo, Haile	HCV-001-0003	02/25/2024	HAP	\$1,029.00	<input checked="" type="checkbox"/> Le, Khang	HCV-001-0004	02/25/2024	HAP	\$525.00
Name	Unit	Posted Date	Payment Type	Transaction Amount																
<input checked="" type="checkbox"/> Elizondo, Haile	HCV-001-0003	02/25/2024	HAP	\$1,029.00																
<input checked="" type="checkbox"/> Le, Khang	HCV-001-0004	02/25/2024	HAP	\$525.00																
Grand Total	3	\$1,854.00	\$1,704.00	\$1,704.00																

The screenshot shows the 'Payable Batched on Jul 10, 2024' interface. It includes the same navigation tabs as the previous screenshot. Below the tabs, the text 'Payable Batched on Jul 10, 2024' is displayed, along with 'Created By sam' and 'Batch ID: 79'. A 'Back to Historical List' button is visible. The main area contains a table with columns: Pay to, Last Payment Amount, and Amount Paid. The table lists six transactions for 'Metropolis Landscaping' with varying payment amounts. A 'Total' row shows \$1,800.00 last payment amount and \$250.00 amount paid. A 'Summary Report' button is located at the top right of the table area, and a 'Post' button is located at the bottom right of the table area.

Pay to	Last Payment Amount	Amount Paid
Metropolis Landscaping	\$300.00	\$100.00
Metropolis Landscaping	\$300.00	\$100.00
Metropolis Landscaping	\$300.00	\$100.00
Metropolis Landscaping	\$300.00	\$200.00
Metropolis Landscaping	\$300.00	\$150.00
Metropolis Landscaping	\$300.00	\$200.00
Total	\$1,800.00	\$250.00

Inventory Enhancements

- In early 2024 we launched our Average Weighted Cost strategy for the Kanso Inventory system.
- Additional enhancements have been made to approach the different operations of our partners.
- A robust inventory system available with your Kanso software!

Want more information?

We will go into depth about the Inventory System today at 2:45 pm in the Maintenance Training also in the Getting the Most from Kanso tomorrow the 31st at 9:00 am.

Let's Get Nerdy

Live Sync and Double Data Mapping

A look at what you **can't see** but will make your experience more efficient and effective in Kanso.

Additional Technical Developments

- DDM
 - more reliable reporting
 - keeping the reporting and functional data stores in sync (real-time)
 - deprecates the need for manual syncs, live-syncing, and eliminates stale data
- Encryption for PII and sensitive data:
 - purposely segmented services
 - client-side encryption before being sent to the API
 - each piece of data is encrypted with a unique data key
 - sensitive data is isolated from the linked non-sensitive data
 - dev team builds software with a security-first mindset

What does the future look like?

		
<p>Direct API integration with Intacct general ledger software.</p>	<p>New tenant rent payment opportunity for your Tenant Portal!</p>	<p>Background check integration between Kanso and O.R.E.</p>

Features

- Groups actions and enhancements
- Tenant Portal enhancements
- Applicant modules
- FSS/ROSS/Community Service tracking, and so much more!
